SOMERVILLE, OHIO

Distinctive, New Hybrids

What's a hybrid peony? A new peony produced by combining the best qualities of two or more species. They bloom earlier, stand up better, are more striking in color.

You should see the new orchid, purple, cherry, chocolate, and orange tones!

HOW TO FIND

Krekler Peony Farm

Somerville, Ohio

Just a pleasant drive from Hamilton, Eaton, Middletown, Dayton, Cincinnati and Oxford, Ohio or from Richmond, Indiana.

Our farm is on the Butler-Preble county line. Consult your road map and find Route 503. Follow this route to the intersection of Roberts Road the west end of which ends at our farm. Our house is on the West Elkton-Somerville Road.

You can't miss seeing our acres of peonies. It has been said that we have the most varied and finest collection of peonies in the world. Over 1,000 varieties!

You'll enjoy a visit with us . . . but if you can't come in person, order one or more of these specials NOW.

Best time to plant peonies is from August 15 to Thanksgiving Day, but if you order now, we can save for you just the group you want!

All-Season Special Blooms May to mid June

Average dates, depending on season, but six weeks of changing, ever-lovely blooms.

Think of the joy of having handsome and different peonies blooming every two or three days for six weeks!

Here is a splendid all-season selection including several that are quite new and rare along with time-tested, dependable varieties which have been greatly cherished since grandmother's day.
